

## SUMMARY

---

Frontend Developer | React.js & Next.js | Building clean, modern, and scalable web experiences .  
I'm a Frontend Developer passionate about creating fast, responsive, and user-focused web applications.  
I specialize in JavaScript, React.js, and Next.js, and I enjoy turning UI/UX ideas into clean, maintainable, and high-quality code.

## PROFESSIONAL EXPERIENCE

---

### Frontend Developer

**DubiSign for Information Technology |**  
**2024 - till now .**

- Developed responsive Compatible web applications using HTML5, CSS3, JavaScript, and modern frameworks (React.js - Next.js).
- Integrated RESTful APIs and handled asynchronous data fetching using Axios / Fetch.
- Built reusable UI components and design systems ensuring code scalability and maintainability.
- Translated UI/UX design wireframes into high-quality, pixel- perfect code.
- Used Git for version control and participated in code reviews via GitHub / GitLab.
- Ensured accessibility and usability best practices .
- Fixed UI bugs, refactored legacy code, and continuously improved user experience.
